Conversational

PANNATI MOURYA

CS Student | Full-Stack Developer | AI & Claude Certified | MAANG Aspirant

B.Tech CSE • Parul University, Gujarat • 3rd Year (2024–2028) • CGPA: 6.8

ABOUT ME

Passionate 3rd-year Computer Science undergraduate at Parul University (Batch 2024–2028) with hands-on expertise in full-stack web development and all core programming languages — Java, Python, C, C++, JavaScript, HTML/CSS, SQL and DSA. Certified by Anthropic in Claude AI Prompt Engineering and completed multiple industry-recognised Generative AI and Data Science courses. Actively targeting MAANG placements through rigorous DSA practice and system design study while building and deploying real-world full-stack and AI-integrated applications that solve real problems.

EDUCATION

B.Tech – Computer Science & Engineering

CGPA: 6.8

Parul University, Gujarat, India • 2024 – 2028 • 3rd Year • Open to Internships 2026

PROJECTS

E-Commerce Platform (MERN Stack)

React.js • Node.js • Express • MongoDB • JWT • Stripe • AWS EC2 • Docker

Full-stack e-commerce application with user authentication, role-based access, product management, cart system and Stripe payment integration. Containerised with Docker and deployed on AWS EC2 with a CI/CD pipeline ensuring zero-downtime automated releases.

DSA Visualizer – Algorithm Playground

JavaScript • HTML5 • CSS3 • Canvas API

Interactive visualiser for sorting algorithms (Bubble Sort, Merge Sort, Quick Sort) and graph traversals with (BFS, DFS) step-by-step animation, adjustable speed controls, and colour-coded node states — built to for make data structures intuitive students.

Student Result Management System

Java • Spring Boot • MySQL • Thymeleaf • REST API

College-level academic result system supporting admin and student roles, automated grade computation, a PDF report export and email notifications, powered by Spring Boot REST API with MySQL backend.

AI Chat Assistant (Anthropic Claude API)

Python • Flask • Anthropic Claude API • JavaScript • HTML / CSS

Conversational AI web app built on Anthropic's Claude API applying prompt engineering best practices, a multi-turn session management and responsive chat UI — demonstrates real-world LLM integration.

CERTIFICATIONS & COURSES

✓ Anthropic Claude AI – Prompt Engin... Anthropic • 2025 ♦ Certified	✓ Generative AI with LLMs Coursera / DeepLearning.AI • 2025 ♦ Certified
✓ AI for Everyone – Andrew Ng Coursera • 2025 ♦ Certified	✓ Delta – MERN Stack Web Development Apna College • 2026 ♦ Certified
✓ Python for Data Science NPTEL / Coursera • 2025 ♦ Certified	✓ Introduction to Cybersecurity Cisco NetAcad • 2024 ♦ Certified

ACHIEVEMENTS & ACTIVITIES

- Certified by Anthropic in Claude AI Prompt Engineering — applied skills to build real AI-powered applications
- Completed Generative AI with LLMs (DeepLearning.AI) and AI for Everyone by Andrew Ng on Coursera
- Actively preparing for MAANG placements through structured DSA practice (LeetCode, CodeChef) and system design
- Proficient in all core programming languages: Java, Python, C, C++, JavaScript, HTML/CSS, SQL and DSA
- Participated in college-level hackathons and competitive coding contests, consistently improving problem-solving speed
- Presented a public speaking session in Professional Grooming & Personality Development course 4) (Semester
- Completed structured Python curriculum from Beginner to Advanced — including OOP, Flask and Data Science projects
- Applies strategic thinking from chess and poker directly to algorithm design and software architecture decisions
